

20 Valley Road, Minneapolis, MN 55401

Discharge Report

Patient:	Helga Krause
Date of Birth:	04/25/1944
Admission Date:	06/10/2024
Discharge Date:	06/19/2024
Attending Physician:	Dr. Stefan Weiß, MD

Ms. Helga Krause, DOB 04/25/1944, was admitted for elective right total hip replacement after failing conservative management for end-stage hip osteoarthritis.

Primary Diagnosis: Primary osteoarthritis of hip (M16.1)

A cementless press-fit cup and tapered stem were implanted via a direct anterior approach. Blood loss 280 mL, no transfusion required. Full weight bearing commenced on day 1. Ms. Krause was transferred to inpatient rehabilitation on 06/19/2024.

Dr. Stefan Weiß, MD

Chief of Orthopedics
