

St. Vincent's Hospital

Dept. of Urology

221 St. Vincent's Way, Hartford, CT 06101

Discharge Letter

Patient: Hildegard Kranz

Date of Birth: 05/14/1952

Admission Date: 12/16/2024

Discharge Date: 12/23/2024

Attending Physician: Dr. Oliver Schmidt, MD

Ms. Hildegard Kranz, DOB 05/14/1952, was admitted on 12/16/2024 with fever (39.1°C), rigors, and dysuria. Blood cultures and urine culture grew E. coli sensitive to ceftriaxone. CT abdomen showed no obstructive uropathy.

Primary Diagnosis: Urinary tract infection, unspecified (N39.0)

IV ceftriaxone 2 g daily for 5 days with rapid clinical improvement, then oral trimethoprim for 7 further days. Urological review arranged. Discharged 12/23/2024.
